Description

Created in a limited edition, Titan is more than just a Fetească Neagră grape variety – it is the story of a rare year, when nature, with almost ritualistic generosity, provided the perfect balance for the birth of a collectible wine. The grapes, harvested from our highest altitude plot, carry within them the cold breath of Transylvanian mornings and the gentle light of late autumns.

Aged for eight months in Transylvanian oak barrels, the wine acquires a nobility that does not rush to reveal itself, but settles smoothly, layer by layer, like a story told in a whisper. Even the bottle is an altar: the Liliac emblem, clad in natural leather, gives it a timeless elegance, and the Titan logo, hand-burned in platinum, seals its destiny as a rare and precious wine.

Its aromas dance in an enchanting balance: ripe plums, black fruits, and a subtle hint of pepper, caressed by discreet notes of vanilla. On the palate, Titan opens up broadly, with an intense vibration, then rounds out into a deep velvety texture, leaving behind a memorable, almost hypnotic impression.

This is not just a Fetească Neagră. It is the essence of a year, the signature of a vineyard, and the echo of a passion that transforms grapes into pure emotion.

Titan – a wine for moments worth remembering.

It goes very well with slightly matured cheeses, fish dishes, seafood or Mediterranean dishes.

Serving temperature: 8-10°C
